### GUIDELINES FOR PARENTS HOSTING A TEEN PARTY AND PARENTS OF A TEEN GOING TO A PARTY

1. A responsible adult will be visible and in attendance for the duration of the party.
  2. No alcoholic beverages will be served/offered. No use of any drugs will be permitted.
  3. No guests will be allowed to bring alcohol or drugs to the teen party.
  4. I will notify parent/guardian of any teen who arrives at the party intoxicated or under the influence of any drug.
  5. Guests will not be allowed to come and go.
- Call and insure that the above will be followed. Kids will pressure you not to – but **DO IT ANYWAY!!!**

These suggestions are designed to provide a healthy atmosphere for people to have fun without the use of chemicals. It is important for parents to support each other, communicate and be consistent. The temptations and pressures on our children are huge.
